ABOUT

The international conference about React.js and React Native hosted in sunny Alicante, Spain.

DATES: September 13-15

On Thursday beginners will have a chance to join two introductory workshops to React and React Native.

The conference will follow on Friday and Saturday, with a thorough selection of talks and speakers showing the state of the art of these technologies.

LOCATION: Alicante, Spain

Alicante is a tourist destination with one of the busiest airports in Spain.

Attendees, speakers and sponsors will be able to meet together and share a few exciting and fruitful days, while enjoying the food and warm weather from the Mediterranean coast.

ATTENDEES: 350

Last year we enjoyed the company of 250 people from 25 different countries.

In this new edition we are moving to a larger venue, so that more developers from around the world can join us and learn together in a fun, thrilling, international atmosphere.

FEEDBACK 2017

Last year's feedback was amazing. We won't let them down in 2018.
