# ABOUT

*The international conference about React.js and React Native hosted in sunny Alicante, Spain.*

**DATES:** Sep 19 - 21

On Thursday we will host 8 workshops related to React and React Native, dealing with a variety of topics, ranging from beginner to advance.

The conference will follow on Friday and Saturday, with a thorough selection of talks and speakers showing the state of the art of these technologies.

**LOCATION:** Alicante, Spain

Alicante is a tourist destination with one of the busiest airports in Spain.

Attendees, speakers and sponsors will be able to meet together and share a few exciting and fruitful days, while enjoying the food and warm weather from the Mediterranean coast.

**ATTENDEES:** 600 + remote (hybrid)

Last year we put together 420 people from 45 different countries, enjoyed a few exciting days with all of them.

In this new edition we plan to repeat that successful format, while focusing in improving further the experience for all sponsors, speakers and attendees.

# FEEDBACK FROM PREVIOUS EDITIONS
